

SESSIONAL DIARY

2022–23

10 May 2022
to
26 October 2023

*Prepared in the Journal Office
of the House of Commons*

Introduction

1. This diary records the business on which the House spent its time in Session 2022–23, analysed into categories, and similar information for sittings in Westminster Hall. It is intended mainly to provide information in response to statistical inquiries, and in using it the following points should be borne in mind:
 - a. The diary does not include business which took little or no time, such as presentations of bills, unopposed private business, and motions agreed to without debate or division.
 - b. Divisions are normally included with the business to which they relate.
 - c. Timings are taken from the *Official Report*, using the printed times where available, and otherwise taking a column of debate to last three minutes. Daily prayers are assumed to last a standard five minutes, unless stated otherwise (and are not itemised in the analysis).
 - d. Periods of suspension are included in the total sitting time, and are listed in section 14j of the analysis (Miscellaneous).
 - e. The times in the column headed “After appointed time” refer to business taken after the time appointed as the “moment of interruption”. In Session 2022–23, these times were as follows:

Monday	Tuesday	Wednesday	Thursday	Friday
22.00	19.00	19.00	17.00	14.30

- f. All times are in hours and minutes, using the 24-hour clock.
2. A Sessional Diary has been kept in the Journal Office for most sessions since 1906, although in the early years times were kept only to the nearest quarter hour. An analysis substantially in the current form begins in the 1960s. The totals from the analysis have been reproduced in the *Sessional Information Digest* since 1984–85 until 2010–12 and in the House’s *Sessional Returns* since 1987–88.
